TELEPHONE BARCLAY 6138

JUNE is at hand again, and with it comes our "Mid-summer Offer" as a seasonable reminder that *Burnett's "Quality" Seeds, Bulbs and Plants* are worthy of consideration by all gardeners at this time, for sowing and planting now and during the following months.

All our lists have been carefully revised so as to include the choicest novelties of proven merit in each class.

We suggest that *orders be sent in as soon as possible*, particularly for *Flower Seeds*, of which new crop seeds are available for immediate sowing.

Orders for *Strawberry Plants* and *Early Bulbs* should be sent in now, and we will ship when the various items are sufficiently matured or have arrived from our growers. If you desire Strawberry Plants at any specified date, please mention shipping date on your order.

June 1, 1928.

BURNETT BROS., Inc.

New and Rare Late Tulips

WE BELIEVE many of our readers will be sufficiently interested in these Tulip Novelties to order some of each class for trial and comparison. They have become much talked about at the leading British and Continental Shows during the past few years, and the reports that reach us from the growers are so favorable, that we feel justified in recommending them to our friends.

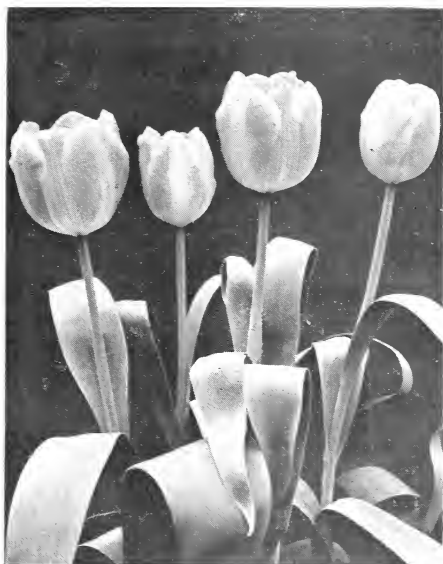

NOTE: *Owing to the scarcity of stock, we will only accept and fill such orders as reach us by July 1st.*

TRIUMPH TULIPS

These are Hybrids of the Darwin class, having the same character and form, but many of the colors are decidedly novel and they all bloom 2-3 weeks earlier than the parents.

Gerbera Jamesonii Hybrids

"The Transvaal or Barberton Daisy."

This is one of the finest of all winter-flowering plants for forcing; the new colors that are included in these Hybrids vary from delicate flesh pink to rich scarlet, with intermediate shades of cream and orange. Their splendid 2-ft. stems and large brilliant flowers put them in the first rank of winter flowers for cutting.

Strong, 2-year-old clumps, Dozen, \$12.00; 100, \$90.00.

BURNETT'S SELECTED FLOWER SEEDS

For Summer Sowing

NOTE.—Those varieties underlined are especially recommended to the reader as being new or having special points of merit that place them above "the ordinary." We therefore suggest that those, who are anxious to have their flower gardens representative of the latest things in cultivation, pay particular attention to these descriptions and give them a careful trial.
